On 25 June 1955 observation was made of Pardubice Airfield. The number of MIG-15's seemed to have been augmented, as about 30 of them were seen, 15 on the east side of the field and 15 on the west. Three MIG-15's were on alert at the east end of the runway. Arados for training were seen, Radar of the "Kniferest" type had been installed at the southeast corner of the field. A "Fishnet" radar installation had been observed previously.
